

Neighborhood Resource Gardens (NRGs):

Urban Gardens + Neighborhood Emergency Kits

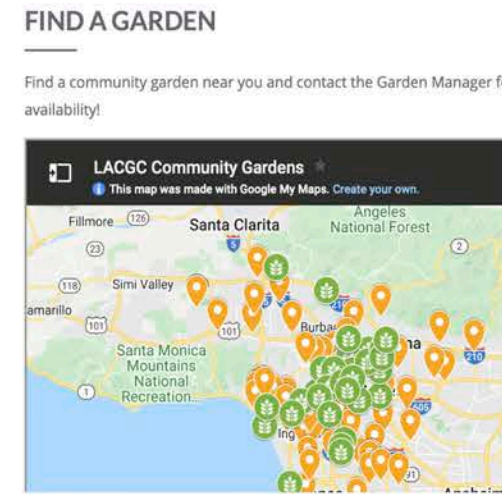

cultivate community open space to advance public health, beautify civic life and foster community connections, daily and in times of need as well.

Within 5 years, and in preparation for the 2028 Olympics, every Angeleno should have an NRG within walking distance.

The NRG program is a list of 15 elements connecting urban gardens, resilience hubs, and resources:

Neighborhood Emergency Kit

1. Communications Hub
2. Disaster Preparedness
3. Energy Off-Grid
4. Food
5. Water

Urban Garden

6. Color
7. Composting
8. Drought Tolerant Flora
9. Edible Plants
10. Fragrance

NRG Network Participation

11. Civic Events
12. Community Engagement
13. Environmental Education
14. Horticultural Guidance
15. Resource Registry

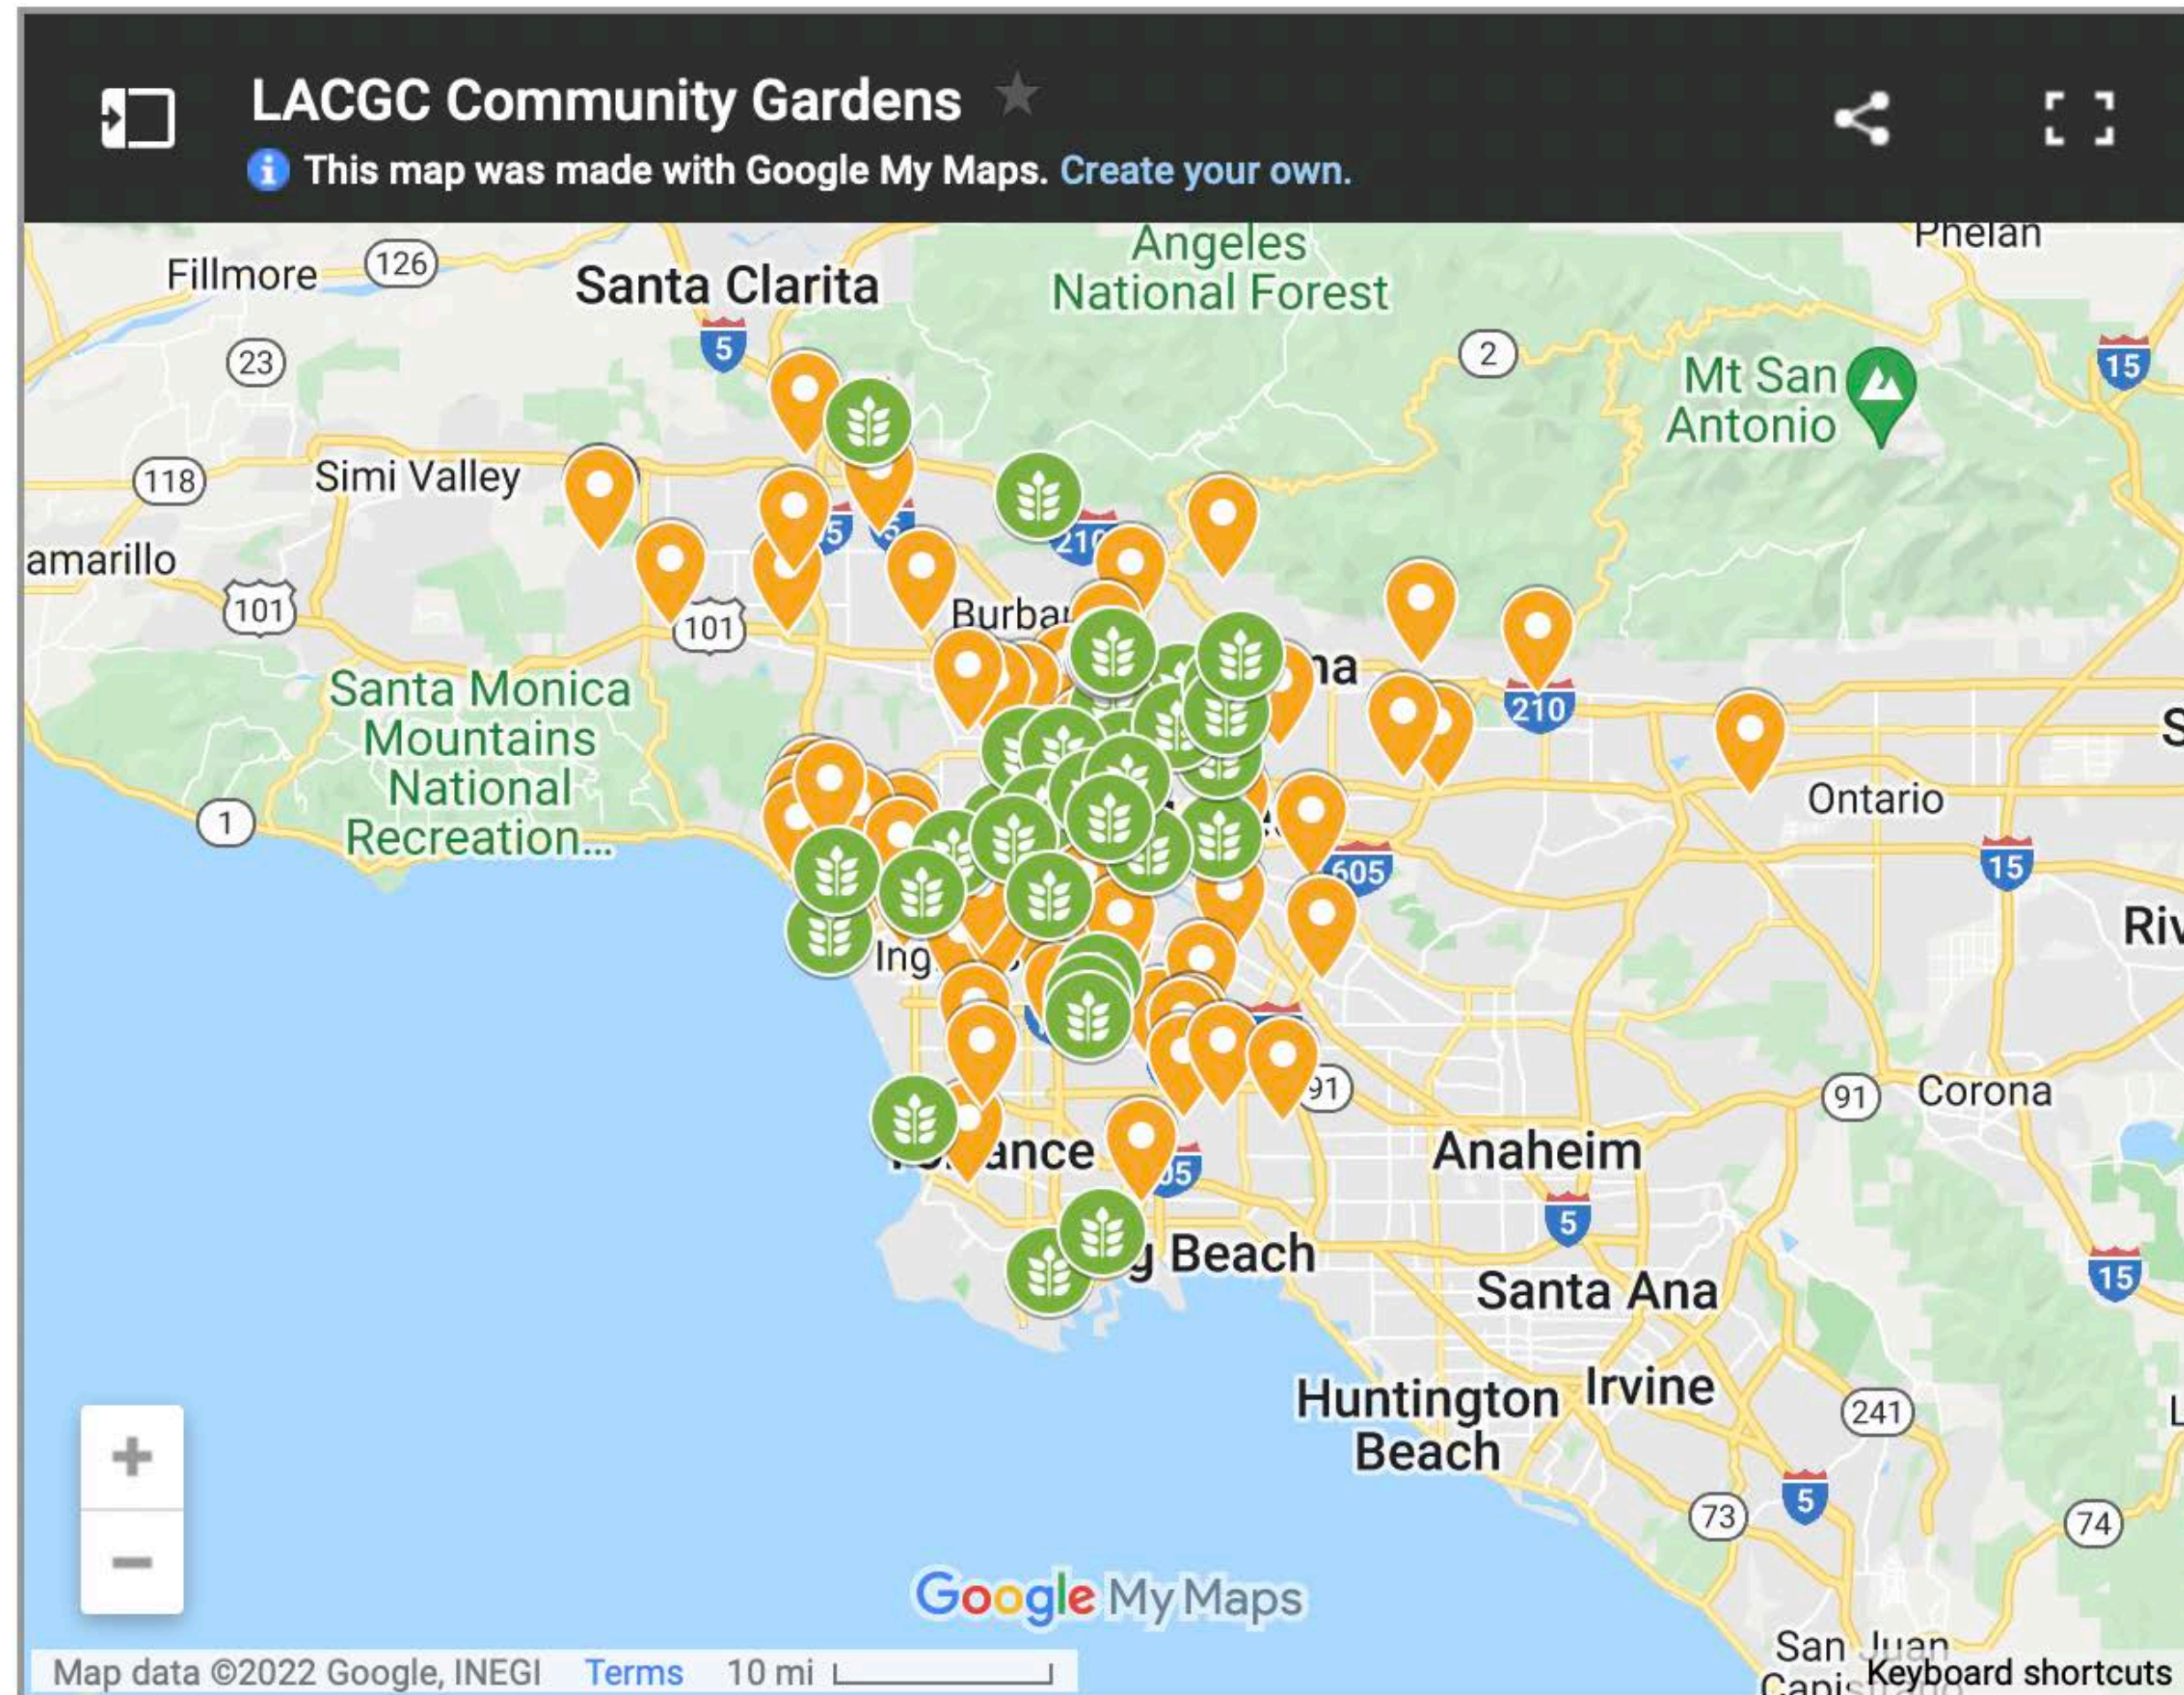

Networks of neighborhood gardens,

677 plants native to 34.0522,-118.2437 (Los angeles)

 All Plants 677	 Trees 33	 Shrubs 124
 Annuals 261	 Grasses 71	 Succulents 11
 Ferns 18	 Sun 408	 Shade 40
 Groundcovers 61	 Butterfly Hosts 584	 Hedges 51
 Low Water 249	 Very Low Water 139	 Damp Soils 90

Community places connected by programs, with links

to educational, environmental, and emergency resources.

Providing community and communications resilience hubs,

with water and renewable off-grid energy.

Offering continual environmental education, and recreation,

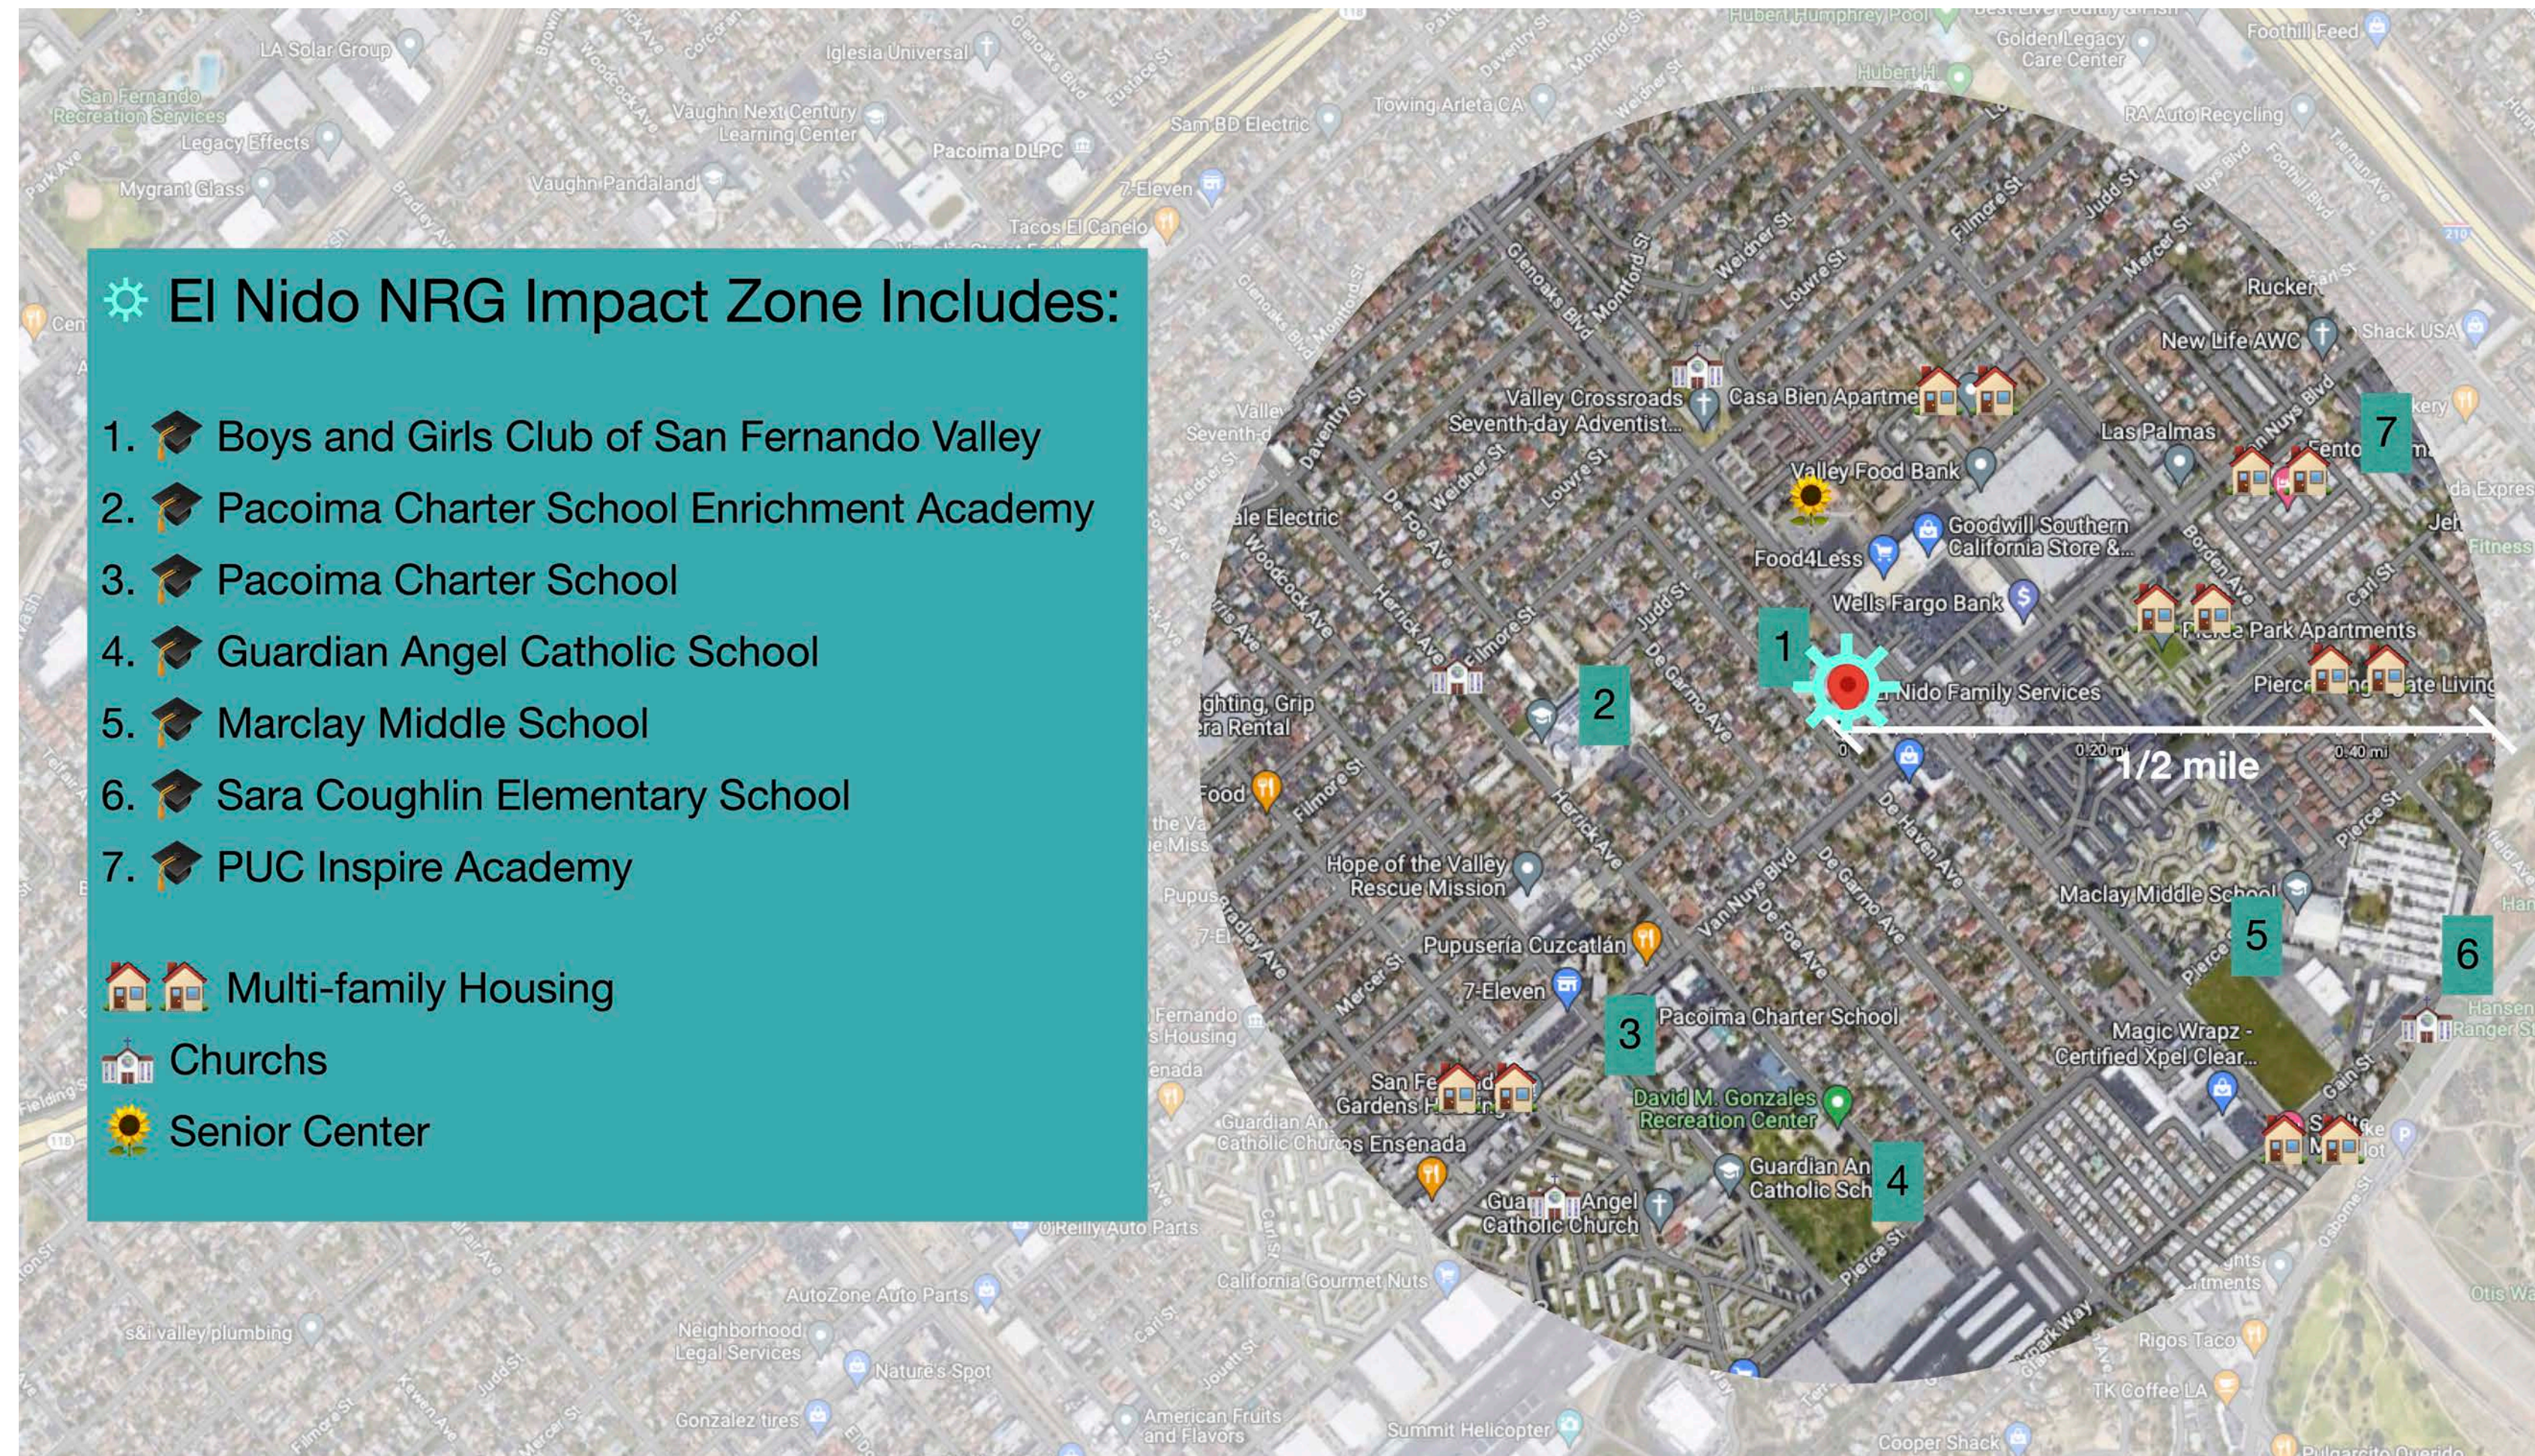

plus essential resources in an emergency.

With opportunities to engage people of all ages and interests.

Designed to catalyze community, self sustain, and scale.
